Il fascino dello stile italiano si racconta nella nostra storia

La differenza tra una maniglia e un semplice pezzo di ottone nasce nel 1986, quando Paolo e Danilo Calì, insieme a Mario Facchetti, fondarono la Linea Calì srl e iniziarono a trasformare delle semplici maniglie in ottone in complementi di arredo a tutti gli effetti.

Un'idea rischiosa ma lungimirante, che rivoluzionò il mondo della maniglieria e le permise di diventare una delle aziende di riferimento nella produzione di "maniglie di stile".

A oltre 35 anni dalla sua fondazione, Linea Calì continua a produrre in Italia seguendo la stessa filosofia, distinguendosi dalla concorrenza e rappresentando nel mondo il simbolo del lusso Made in Italy.

Ora l'azienda guarda al futuro con entusiasmo e fiducia, perché fino a quando le porte non si apriranno con il pensiero... sogneranno sempre una maniglia Linea Calì.

The difference between a handle and a simple piece of brass was born in 1986, when Paolo and Danilo Calì, together with Mario Facchetti, founded the Linea Calì srl and began to transform simple brass handles into furnishing accessories for all purposes.

A risky but far-sighted idea, which revolutionized the world of handles and allowed it to become one of the leading companies in the production of "style handles".

More than 35 years after its foundation, Linea Calì continues to produce in Italy following the same philosophy, distinguishing itself from the competition and representing the symbol of Made in Italy luxury in the world.

Now the company looks to the future with enthusiasm and trust, because as long as the doors will not be operated telepathically... they'll all still dream of a Linea Calì handle.

Produciamo maniglie, in Italia

Linea Calì è orgogliosa di garantire la produzione italiana di tutti i prodotti nel rispetto delle più recenti normative Europee.

A riprova di ciò ogni articolo che supera con esito positivo i numerosi test di laboratorio, viene “firmato” con il marchio Linea Calì che ne attesta l’autenticità, garantendo così al cliente l’acquisto di una maniglia di alta qualità interamente prodotta in Italia.

Linea Calì is proud to guarantee the Italian production of all its products in compliance with the recent European regulations.

As proof of this, each item that successfully passes numerous laboratory tests is “signed” with the Linea Calì brand which certifies its authenticity, thus guaranteeing the customer the purchase of a high quality handle entirely produced in Italy.

Prodotti di qualità che resistono alle mode e al tempo che passa —

Linea Calì ha ottenuto la certificazione EN 1906:2012, la norma europea che classifica maniglie per porte e finestre assegnando precisi indicatori di qualità.

Sottoposte a test dalla durata ininterrotta di 240 ore e a oltre 100.000 cicli di prova, le maniglie di Linea Calì sono risultate estremamente resistenti alla corrosione e con prestazioni garantite per lunghi anni:

- 5 anni per le finiture cromo lucido o cromo satinato;
- 10 anni se trattate con procedimento PVD.

Per quanto riguarda la resistenza alla corrosione, le maniglie della Linea Calì si sono posizionate sul più alto gradino della scala di valore: la Classe 4.

Linea Calì has obtained the EN 1906:2012 certification, the European standard that classifies door and window handles by assigning precise quality indicators.

Tested for an uninterrupted duration of 240 hours and over 100,000 cycles, the Linea Calì handles are extremely resistant to corrosion and with guaranteed performance for many years:

- *5 years for the polished chrome and satin chrome finishes:*
- *10 years if treated with PVD procedure.*

With regard to corrosion resistance, the Linea Calì handles were positioned on the highest step of the value scale: Class 4.

Sistema di bloccaggio ultrarapido Click-Clack

L'innovativo sistema Click-Clack mette al riparo da danni e situazioni spiacevoli impedendo alla maniglia di sfilarsi qualora il grano di fissaggio dovesse allentarsi col tempo.

Per far scattare il sistema di bloccaggio basta semplicemente infilare l'impugnatura sul ferro quadro. Per rimuoverla, dopo aver allentato il grano di fissaggio, basta premere sul tastino situato nella parte inferiore della rosetta.

Il sistema Click-Clack è inoltre una dimostrazione dell'impegno che Linea Calì dedica per garantire ai suoi clienti affidabilità e sicurezza.

The innovative Click-Clack system protects against damage and unpleasant situations, preventing the handle from coming off if the fixing scrub loosens over time.

To trigger the locking system, simply insert the handle onto the square iron. To remove it, after loosening the fixing grub screw, simply press on the knob located at the bottom of the rose.

The Click-Clack system is also a demonstration of the commitment that Linea Calì dedicates to guaranteeing its customers reliability and safety.

SMARTBLOCK-SMARTBLOCK-

Sistema invisibile anti intrusione SmartBlock

Capita sempre più di frequente che i ladri entrino nelle abitazioni praticando un foro nei serramenti e facendo leva sulla maniglia con un attrezzo particolare (ferro dalla punta girevole).

Con SmartBlock questo è impossibile perché il sistema invisibile blocca la maniglia impedendo ai ladri di entrare.

Affidabile e sicuro perché costruito senza componenti meccaniche che potrebbero usurarsi, si aziona in automatico ogni volta che si chiude la finestra o si mette nella posizione a ribalta (vasistas).

It happens more and more frequently that thieves enter homes by drilling a hole in the window frames and leveraging the handle with a special tool (iron with a swivel tip).

With SmartBlock this is impossible because the invisible system locks the handle preventing thieves from entering.

Reliable and safe because it is built without mechanical components that could wear out, it is operated automatically every time you close the window or put it in the tilting position.

Oggetti del desiderio che brillano in ogni ambiente

Grazie all'esperienza pluriennale nel mondo del lusso, Linea Calì è stata una delle prime aziende al mondo a percepire la necessità di caratterizzare le abitazioni con complementi di arredo sempre più particolari ed esclusivi.

Iniziò così a trasformare un oggetto di uso comune, la maniglia, in un gioiello prezioso dalle mille sfaccettature impreziosendola con cristalli Swarovski®.

Oggi, dopo oltre 25 anni dal lancio del primo modello, le collezioni Crystal di Linea Calì risplendono negli ambienti più esclusivi rappresentando l'emblema del lusso contemporaneo.

Thanks to its many years of experience in the world of luxury, Linea Calì was one of the first companies in the world to perceive the need to characterize homes with increasingly special and exclusive furnishing accessories.

He thus began to transform an everyday object, the handle, into a precious jewel with a thousand facets embellishing it with Swarovski® crystals.

Today, more than 25 years after the launch of the first model, the Linea Calì Crystal collections shine in the most exclusive environments, representing the emblem of contemporary luxury.

Slim Pelle

Il gioco di forme e volumi differenti dal sapore particolarmente moderno viene reso più classico grazie all'impugnatura rivestita in vera pelle italiana, naturale espressione della lavorazione artistica del pellame.

A combination of diverse forms and volumes with a particularly modern flavour is given a classical touch thanks to the handgrip in real Italian leather, a natural expression of the artistic handcrafting of leather.

Soleil

La sontuosità e i fasti del Re Sole vengono evocati da raffinatissimi rilievi ornamentali in stile Luigi XIV, ottenuti grazie alla tecnica dell'intarsio del quale ne era maestro l'ebanista francese André-Charles Boulle.

The wealth and magnificence of the Sun King are evoked by refined ornamental embossments in the Louis XIV style, obtained thanks to the inlay technique of which the French cabinet-maker André-Charles Boulle was a master.
